There he stands, draped in more equipment than a telephone lineman, trying to outwit an organism with a brain no bigger than a breadcrumb, and getting licked in the process.

Jeff Foxworthy on Montana – You might live in Montana if....

- If parking your car for the night involves an extension cord,
- If you have ever refused to buy something because it's "too spendy",
- If your local Dairy Queen is closed from November through March,
- If you have worn shorts and a parka at the same time,
- If your town has an equal number of bars and churches,
- If you know how to correctly pronounce Absarokee, Choteau, Ekalaka, and Hysham,
- If you can drive 65 mph through 2 feet of snow during a raging blizzard, without flinching,
- If you see people wearing hunting clothes at social events,
- If the largest traffic jam in your town centers around a high school basketball game,
- If there are 7 empty cars running in the parking lot at Wal-Mart at any given time,
- If there are more people at work on Christmas Eve Day than on Opening Day of Deer Season,
- If you design your kid's Halloween costume to fit over a snowsuit,
- If driving is better in the winter because the potholes are filled with snow,
- If you know all 4 seasons: almost winter, winter, still winter and road construction,
- If you find 0 degrees "a little warm,"
