WHO'S WHO AT YOUR TELCO?

*Featuring Jesse Majeres,
Technology Support Representative*

Jesse Majeres has been a Tech Support Representative for Triangle Communications for almost a year and a half. He provides tech support to our members to help keep them connected to the Internet.

After graduating from college with a degree in Business Administration and Computer Information Systems, Jesse's first job was at a local Havre bank for about a year before he joined the Triangle team.

Being able to help our members with their Internet-related questions and providing you with good customer service is what Jesse likes best about his job. In his spare time, he keeps busy playing hockey, snowboarding, playing the drums and bass plus he enjoys spending time with his family and friends. I think a few people might share Jesse's guilty pleasure of ordering a pizza and binge-watching way too much Netflix and Hulu. When I asked Jesse if he has a signature dish that he makes, he didn't hesitate saying "I make a mean PB&J." I may have to ask for a recipe for our Cooks Connection in the magazine!

One of Jesse's favorite vacation spots has been Disneyland in California. He said he has been there a couple of times and had a great time. Jesse also said he likes to visit Minneapolis and Denver. Thanks for being such a good sport with all my questions Jesse!

YOUTH TOUR HIGHLIGHTS

My FRS Youth Tour to Washington D.C. was amazing! I cannot tell you how much fun I had! I didn't know what to expect when Joanie, Tiffany, and I first got there because we were told that we would be put into separate rooms and different "color" groups. For me this was kind of nerveracking because I had barely known Joanie, and now I was going to have to start all over. But, I think we judged too quick because as soon as everyone met up in the ballroom we were already meeting and making new friends.

There were about 117 kids our age from all over the United States that also live in rural, small towns like us. It was nice to meet people that know and have the same problems and struggles. During the week, we split up into groups and discussed the problems we share in our towns and talked about how we could fix them. That was part of the FRS (Foundation of Rural Services) way to see what teens and other people can do to help struggling small communities.

When we toured D.C., we visited the National Mall, Washington National Cathedral, all of the monuments and memorials, the White House, Arlington Cemetery, Mount Vernon (George Washington's home), and we spent one day on Capitol Hill for an educational lesson and tour. Although we only had five days, we saw and did so many things that many of us had never expected to do.

At the end of the five days, we had a goodbye dinner and dance, and that was really fun! It was everyone's last chance to talk and have a great time before we all left in the morning. After the dance was over and we were told to go to bed, I'm pretty sure at least half of the kids in there were crying because they

didn't want the overall trip and experience to be over. The next morning, some kids woke up at 4:00 a.m. just to tell their friends/roommate goodbye. It shocked me that in just five days we were able to meet and get so close to people we had never met, but I now call them some of my closest friends.

The kids I met on this Youth Tour are some of the nicest and smartest people I know, and hopefully my lifelong friends. I had an awesome roommate, an awesome color group, and even better people like Tiffany and Joanie to travel with and get to know! I seriously could put so much more detail and explain so many more things about this trip and experience and everything we did, but I'm afraid it would be way too long! I guess you would have to be there to really understand the excitement everyone

experienced and the stories behind it all. All I can say is that I'm very grateful that I was chosen to go on this tour and I encourage anyone and everyone eligible to apply for this next year to do so! It's DEFINITELY worth it!

Sincerely,
Peytan King

I couldn't have asked for a better trip to D.C.! I had so much fun and made tons of new friends! Everything we did was so much fun that I don't think I have a favorite part! Hope you guys enjoy a few of my favorite pictures.

Joanie Sjostrom

Recently, I had the opportunity of accompanying two students from rural communities that Triangle serves, on a tour of our Nation's Capital. The FRS Youth Tour is an annual trip that many rural cooperatives sponsor, Triangle Communications being one of them. I was excited to be chosen as a chaperone.

There were over a hundred other students and twenty plus chaperones also on the tour, but the FRS staff knew what they were doing and it was a smoothly guided tour. We crammed a lot in just three days. We toured the Capitol and the Library of Congress, made a stop at the White House, toured the Smithsonian's, the Newsium and visited Arlington National Cemetery (which was one of my favorite sites, very somber and breath taking all in one).

We paid a visit to the Korean War Memorial, stopped by the Lincoln Memorial and many other monuments. One of our last stops was at the Federal Communications Commission (FCC). Chairman Ajit Pai was unable to attend but he had recorded a video message for the kids

encouraging them to believe in themselves and the rural communities from which they come. He spoke of the values that have been instilled in them from their communities which give them the strength to overcome obstacles. One day they may be tasked with or able to make beneficial changes in their communities.

Overall, it was an amazing opportunity for these kids from rural Montana communities

and I was fortunate enough to tag along. We packed in a lot of information, a lot of sights, and a lot of miles....my feet were so tired.

Thank you, Triangle, for sponsoring such an educational opportunity and for being an awesome service provider to our rural communities in Montana!

Business Feature: Prairie Brew Espresso and More

by Anne Boothe - Economic Development Specialist

Natalie Flores is a professionally trained barista and owner of **Prairie Brew Espresso and More**. Prairie Brew is in the Square Butte Trading Post building on the eastern edge of Box Elder on Highway 87. She specializes in excellent hot and cold brews, offering specialty baked goods, blended drinks and more to her customers. The drive-up window gives easy access, but I encourage you to take a break and stop in, she has an eclectic style that we don't often see on the Hi-Line.

Before opening in 2015, Natalie developed a formal written business plan and strategy for her coffee shop and it seems to be benefitting her. On a Tuesday morning when I stopped, Natalie was easily preparing and serving the full line of customers in the drive-up. "Business is good and I'm thankful," says Natalie. She invites everyone to stop by, "I especially appreciate customers from across the Rocky Boy Reservation and all the highway travelers." If you are in a hurry, she encourages you to call ahead and visit her Facebook page for delicious daily specials.

DON'T LOSE YOUR LIFELINE DISCOUNT!

Please remember that Lifeline recertifications are no longer processed through the Triangle Communications' office in Havre. The Universal Service Administrative Co. (USAC) administers the Lifeline program and they take care of the recertifications as well. You will receive a letter in a **blue envelope** from USAC when it is time to recertify.

There are three easy ways to recertify:

1. Return the form you received in the blue envelope.
2. Recertify online at www.lifelinerecertify.org.
3. Call USAC at 1-855-332-3919.

If you have any questions about the Lifeline program, visit www.usac.org or contact Triangle at 1-800-332-1201.
